1. The construction of an irrigation canal, which extends from the Vardar River near the village of Djavoto to Bogordica, Bogdanci, and Stojakovo and thence back to the Vardar River, is currently underway. The bottom of the canal is two meters wide and its depth is four meters. The canal itself is 12 meters wide at the surface.
2. The workers are members of the village cooperatives of the villages mentioned above; they are paid from 28 to 30 dinars for each cubic meters of earth dug.
